

GPS & ADVERTISING

ALBANY COUNTRY CLUB IS PLEASED TO OFFER VISAGE

Before, during and after the round, our VISAGE Mobile Golf Information System will enhance your guests and sponsor experience.

GPS: Visage GPS is available on Albany Country Club's fleet of Club Car Precedent carts (maximum of 50 carts)

BENEFITS: Golfers are able to receive detailed hole images, precise yardages and tournament scoring all from the 10.4" HD touch screen.
Cost per player: \$2 (maximum of 100 players)

ADDITIONAL BENEFITS:

- Improved communication between golf shop and players
- Improve the Pace of Play with friendly messages to "Speed up" or "You're one hole behind"
- Electronic scorecard-golfers can easily set up scoring for their foursome and email to themselves.
- Send a "thank you" message to every group as they leave their last hole
- Geo fencing and action zones help your guests stay clear of ponds, hazardous or wet areas.
- Improved sponsor recognition and visibility.

ADVERTISING: • *Full use of the GPS system.*

- *Up to 36 full screen ads. These ads play as the carts head down the fairway or from green to tee.*
- *Up to 18 inserts which show in the bottom right corner of screen.*

Full size: jpg: 1024 pixels wide x 600 pixels tall

Insert: jpg: 314 pixels wide x 141 pixels tall

TESTIMONIAL: "September of 2016 we had a great day of Golf and Dinner for our tournament. All our sponsor ads, logos and announcements were on the screens in the carts. We saved money on printing, storing and using the old tee signs and our major sponsors logos were on the screen the entire time. How great it is to drive up to a tee and see the logos of our sponsors and then touch the screen to see the hole in front of you with accurate distances, then drive see the ads again and set up your next shot. We will be bringing our tournament back, see you September of 2017"

Jim Harris, Jr. Golf Chairman, Capital Region Building Owners and managements
